**DEADLINE FOR OFFICIAL/UNOFFICIAL/PERSONAL NOTICES IS WEDNESDAY, 9 A.M.**

## **OFFICIAL**

**FLAGS AT HALF STAFF:** KSC US Flag Presentation. On November 13, 2005, a United States flag, flown over the Kennedy Space Center, was presented to the family of Howard P. "Andy" Anderson, a lead Machinist in the Machine Shop with USA. This presentation was made by USA management as a token of gratitude for his service to the National Aeronautics and Space Administration. Mr. Anderson died on November 9 and his funeral was November 13.

**USE OF FEDERAL PROPERTY:** There are statutory and regulatory prohibitions against the use of Federal property, facilities, and equipment for personal purposes. These prohibitions apply to such items as Government vehicles, office supplies, FTS (Federal Telecommunications Systems), Datafax, computers and network capabilities, reproduction equipment, tools, and a variety of utility and other items. This also applies to equipment provided by the Government for contractor use and to items issued to the Government. Employees have a positive duty to protect and conserve such items and other property entrusted to them. (BA-B)

**CONFIDENTIAL FINANCIAL DISCLOSURE REPORT (OGE FORM) FILING:** Those individuals reporting to a position for which there is a requirement for an initial and annual 450 filing are reminded the INITIAL filing must be completed no later than 30 days after reporting to that position. Forms are available from the Office of Chief Counsel by calling 867-2552. (CC)

**HELP KSC/CCAFS SAVE ENERGY DOLLARS THIS UPCOMING HOLIDAY:** It takes commitment from everyone at Spaceport to help KSC and CCAFS save energy dollars; therefore, please remember to:

- \* Turn off your computer, monitor, and printer (if not required to remain on).
- \* Turn off the lights in your office when you are the last person to leave.
- \* Turn off the hall and hall closet lights on your way out, if you are the last person to leave your area in the building.
- \* Turn off displays and decorative lights.

POC: Environmental & Energy Awareness/867-8414/867-8452. (TA-C3)

**SHUTTLE BUS CAUTION:** Passengers exiting and crossing in front of Shuttle Buses are in danger of being struck by oncoming vehicles passing the stopped Shuttle Buses. Passengers are cautioned to be alert for oncoming traffic, and vehicle operators should use extreme caution when passing stopped Shuttle Buses and yield to pedestrians. (TA-E1)

**MISUSE OF OFFICE COPIER PAPER:** Paper delivered to the Lanier copiers must not be used for any purpose other than making copies on Lanier copiers. The costs of the machine, maintenance, and all other supplies (staplers, toner, etc.) are included in the cost of office copy paper; this paper is more expensive than paper issued for typing, fax machines, or laser printers. Paper for typing, faxing, and laser printers should be requisitioned from your Logistics Service Center (NASA/SGS only), under Stock No. 7530-01-335-2623. Contact Ann Gary, 867-9103 if you have any questions. (IT-D1)

**PRINTING/COPYING PAPER USERS:** The NASA HQ Code JT has set a goal for each center to reduce the annual use of paper stocks by 10 percent. Suggestions on how to accomplish this goal are printing on both sides of the paper; circulating, posting, and publishing memoranda and other information using email, bulletin boards, routing slips, newsletters; and distributing documents in electronic format via file servers or home pages to avoid making copies on office copiers. Your support in implementing these suggestions will help meet KSC's paper reduction goal. (IT-D1)

**INTERNATIONAL TRADE AND COMPLIANCE TRAINING ON FLORIDA'S SPACE COAST:** The Space Coast World Trade Council will hold its 9th Annual Fall Regulatory Review on December 6-8, 2005. On December 6th, two half-day courses will be offered on Export Basics and Import Basics for those new to the field and for review. The conference focus on the 7th and 8th will be on a broad spectrum of import/export regulatory and compliance matters of current interest to Government and companies whose employees are involved with international trade in commodities and technology and who are concerned with compliance with the regulations and laws of the United States.

This national event will be held in Cocoa Beach, Florida, at the Courtyard by Marriott's new Conference Center. The half-day programs on the 6th are \$45 each. The fee for the main conference on the 7th and 8th will be \$375 for non-members and \$300 for Council members. Government employees pay \$300. The luncheon on the 7th, with its featured speaker, is \$35 if taken alone but is included in the main conference fee. Cancellations received before November 21st will be refunded in full: we will deduct \$30 for all cancellations received after that date. On-site registration will be available at \$30 additional for non-members and Government employees.

You can also register on-line at [www.spacecoastworldtradecouncil.org](http://www.spacecoastworldtradecouncil.org). (TA-E1)

**UNAUTHORIZED COMMITMENTS AND RATIFICATIONS:** An unauthorized commitment is an agreement between the Government and a contractor that is not binding; solely, because the Government representative who made it lacked the authority to enter into that UNAUTHORIZED agreement on behalf of the Government. Ratification is the act of approving an unauthorized commitment by an official who has the authority to do so. Unauthorized commitments are strongly discouraged and can indicate serious employee misconduct. Individuals making unauthorized commitments may be subject to disciplinary action, and the issue may be referred to the Office of the Inspector General. Only Contracting Officers acting within the limits of their delegated authority are authorized to commit the Government. If you are unsure of your authority, before directing a contractor to take any action, call your project control office, or the Procurement Office at 867-7217, for assistance. (OP-AM)
